For the Month of March, we are honored to feature **Jeff H.**
responses to the questions below.....

Read Jeff's

Are you involved in any volunteer organizations besides CART?

Not currently.

Do you have a spouse, children?

I've been married to my wife Lisa for 6 years. She is a fitness instructor and personal trainer. We have a son Michael who is 1. His job seems to focus on destruction of the house and consuming as much food as possible!

Do you have any pets?

I'm contemplating the purchase of a fish for my son but my wife has vetoed all other life forms.

What is your favorite restaurant?

Cafe Babareeba in Chicago. It's a spanish tapas restaurant. Great fun for a big group. In Columbus, I really like Hoggies (pulled pork...yummm) and the Fish Market.

What is your favorite food?

It's hard to pick just one. Pizza is an old favorite. I miss Giordano's deep dish stuffed spinach and mushroom. Their sauce is perfect.

Where are you employed?

I am a principal consultant for Cardinal Solutions. I focus on designing and building custom software for local businesses.

What is one thing that most people don't know about you?

I attended Space Camp (yes, the one from the movie) in Huntsville, AL when I was a kid.

What is the most significant event that has occurred in your life?

The birth of my son.

What motivates you?

Learning new things. Proving someone or something wrong. Finding the answer
Teaching others.

If you won \$1M, what would you do with it?

I'd take \$200K and put it aside for college education for the kid(s); invest \$500K in commodities and real estate; and use the rest to pay off my mortgage and start a business. Ok, I'd drop \$70K on the 2006 Corvette Z06... ;-)
